

## **On June 3, Horizon Distributors opens the doors of our brand new workspace!**

Horizon Distributors is excited to announce that we are moving into our new distribution centre on the last weekend of May. This new 150,000 sq. ft. facility, which includes 137,000 sq. ft. of warehouse space and a full cold chain with increased cooler and freezer space, doubles our present capacity and offers us the opportunity to expand our operations and continue our unprecedented growth. That means we will bring to market even more of the premium quality, organic, natural and gourmet foods and products that our customers expect from Horizon.

We are looking forward to showing off our new space and are celebrating with a Grand Opening party in September. Watch for details this summer!
